WILEY AGAIN HITS ALCOHOLIC FAKES

Denounces New "Tonics" Be- for Pharmacists.

PASS STRONG RESOLUTIONS

Members of Washington Association Turn Down Some Others Sent by Pittsburg Pharmacists for Indorsement—One Said to Be "Wide Enough to Drive Them Through."

Another blow was delivered by the good right arm of Dr. Wiley against "alcoholic fakes" before the Washington Pharmaceutical Association last evening.

A false preparation of "beef, wine, and iron" has been placed upon the market, largely for sale in prohibition territory, and the legitimate druggists are now facing a drastic ruling of the Internal Revenue Bureau, which is taxing the sale of this product under the liquor laws.

"This preparation is one of many designed to circumvent the prohibition or local option laws in various States," said Dr. Wiley.

"It contains a small per cent of sherry wine. That 'wine' is unfit for human consumption. It is the very poorest and cheapest class of wine, and should not be tolerated under the pure-food laws."

Strong Resolutions Passed.

In connection with the discussion of the preparation, resolutions promulgated by the Pittsburg branch of the Pharmaceutical Association were presented for action.

Some of them were declared to be dangerous, and were considered by unanimous vote. One resolution declaring that the sale of intoxicating beverages should be entirely divorced from pharmacy was declared righteous, and was adopted. Another, condemning the surreptitious sale of liquors also was approved.

One resolution stating that the status of an alcohol containing liquid shall be determined by the purposes for which it is sold, and not by the amount of alcohol which it contains, was voted down unanimously. It was declared to be a palpable attempt to evade the law.

Another resolution of similar scope, stating that an alcohol containing liquid shall not be deemed to be a beverage if used unless sold for beverage purposes, also was negatived.

Declaration Too Wide.

"When sold in entire good faith, an alcohol containing liquid shall not be subject to the excise taxes, or to the local option laws," was the purport of another resolution which one speaker declared "to be wide enough to drive a team of horses through." It was rejected by unanimous vote.

"We will have to send word back to our Pittsburg brethren," said Mr. Wiley, "telling them we can not see our way clear to accepting their dictum. These resolutions leave too many loopholes open to be taken as a guide for the pharmacists."

J. E. Talbot, of the Internal Revenue Commissioner's office, spoke briefly before the association, explaining the ruling of the bureau on several mooted points. The status of "commercial alcohol" was also discussed.

DEMANDS THROUGH CARS.

Congress Heights Citizens' Association Passes Resolution.

At the regular meeting last evening of the Congress Heights Improvement Association, in the residence of Edward J. Newcomb, in Nichols avenue, the president, W. W. Price, presiding, a communication from the District Commissioner was read in which they stated they had ordered the grading of Seventh street, from Omaha street to Alabama avenue, and of Nichols avenue, from Coghlan to H street.

The principal discussion hinged about a resolution, which was passed, demanding that the Washington Railway and Electric Company at once put on through cars between Washington and Congress Heights, and that the company put in double tracking from Congress Heights to Anacostia.

The association indorsed the communication sent to the District Commissioner, on May 8, by Col. Randle, in which he asserted that discrimination against residents of the District was resulting in millions of dollars for investment being turned into Virginia and Maryland. The secretary was authorized to request that the drainage about the Congress Heights schools be perfected.

There was a large attendance at the meeting, and fifteen new members were admitted. The next session will be held May 27.

FUNERAL OF CAPT. KIRKMAN.

Body of Confederate Veteran Shipped to Bolivar, Tenn.

The body of Capt. Jackson Kirkman, Confederate veteran, and for several years a clerk in the Pension Office, was shipped to his old home at Bolivar, Tenn., at 10 o'clock last night. Funeral services will be held in that city.

ROBBED AT THE CIRCUS.

W., B. & A. Agent Relieved of Gold Watch and Fob.

Two hours after M. E. Smith, agent of the Washington, Baltimore, and Annapolis Electric Railway, was robbed of a gold watch and fob yesterday afternoon, Thomas J. Howard, twenty-six years old, was arrested by Detectives Baur and Cornwell, charged with the theft.

The speedy arrest of Howard was due to the vigilance of the detectives, who were stationed at the circus grounds, where Smith was robbed. The railway agent was standing in line for the ticket office, when he was relieved of the watch. Smith noticed a man standing before him, who acted suspiciously.

When Smith discovered his loss, he stepped from the line and told a policeman. The detectives were notified, and obtained a description of the alleged pickpocket from Smith. They traced Howard to the business section of the city and arrested him. The police say they recovered the watch and fob from the prisoner. He is held at the First precinct station.

Howard says he is a tailor and gives his address as Baltimore. The police are trying to learn if he has a record.

NEGRO ATTORNEY ON TRIAL.

Perri Frisby, Charged with Forgery Agreement to Sale.

Charged with forgery, Perri W. Frisby, negro attorney, was placed on trial in Criminal Court No. 1 yesterday, before Justice Gault.

The indictment alleges that Frisby forged an agreement of sale of property in Benning D. C., made over to him by Alice V. Carroll, an aged negro woman. According to the government's case, handled by Assistant United States Attorney Turner, Frisby agreed to give the woman twenty interest-bearing notes, one each year, but after the deed had been signed brought the notes to her, all payable twenty years hence.

It is charged that when the woman sued to rescind the notes, Frisby forged a document to suit his action, purporting to be signed by Alice V. Carroll. He is represented by Attorney Henry E. Davis. The case probably will be concluded today.

TAXIS MUST BE LICENSED.

Court Holds Space in Front of Union Station Is Public Land.

By an opinion handed down yesterday by Chief Justice Shepard, of the District Court of Appeals, all taxicabs are required to take out a license, because of the court's ruling that the space in front of the Union Station occupied by the "taxis" is a public land.

The case was appealed from the Police Court by Jeremiah Prickling, manager of the taxicab company, who was charged with keeping public vehicles without a license. Justice Shepard holds that although the Washington Terminal Company owns the ground in question, it has constructively made it a public place by permitting its use by taxicabs.

ATTORNEY SCORES POINT

Child Wife Not to Be Required to Give Testimony.

Attorney Thomas Taylor, representing Albert H. Willard, charged with the murder of Irving W. Beck, scored a point against United States Attorney Baker yesterday when Mr. Baker withdrew attendance on his subpoena requiring Mrs. Dorothy Beck, the child wife, to appear before him and submit to examination as to events leading up to the crime.

Mrs. Beck was subpoenaed last week by Mr. Baker. With Mr. Taylor, she went to the district attorney's office, where she refused to answer questions. Mr. Baker brought the matter to the attention of Justice Anderson, who set Monday for a hearing. The hearing was postponed to yesterday, when Mr. Baker informed Mr. Taylor that he could not require attendance on the subpoena.

It is said in legal circles that this is the first time the authority of the district attorney to hold preliminary examinations has been questioned, and successfully objected to. A precedent is offered in the case of District Attorney Jerome, of New York, who made a constant practice of preliminary examinations, until the Circuit Court, on a complaint of attorneys, ruled that such authority was not given him by the statute.

WED AT THREE IN MORNING.

Elopers' Taxicab Mired Some Time in Rockville Pike.

Miss Elizabeth Taylor, of 1530 Fourteenth street, and Milton D. Smith, also of this city, were married at 3 o'clock yesterday morning in Rockville, Md.

The couple met at the house of a relative of Miss Taylor's Monday night, and planned to elope. A story of spending the night with a girl friend told by Miss Taylor, who, by the way, is seventeen years old, to her guardian, was the first step. The chartering of a taxicab was next on the programme, and the following scene was staged on the Rockville pike, where the taxicab became mired and refused to budge. With the assistance of a pair of farm horses, the machine was again started for the Maryland town, after a delay of several hours.

Darby Bowman, deputy clerk of the court, of Rockville, was aroused, and made out the necessary license.

The ceremony was performed at 3 o'clock yesterday morning, and the homeward trip was begun.

DAVIS' CASE HEARD

Thomas A. Owen May Be a Dupe of Accused Man.

ONE BROTHER STILL IN JAIL

Unable to Furnish \$20,000 Bail Bond Required for His Release—Actions Mystify Police—More Than \$50,000 Additional Losses Reported Yesterday—May Reach \$300,000.

When the cases of John C. Davis and his brother, Martin T. Davis, accused of swindling thousands of dollars from investors, were presented to the grand jury yesterday, it developed that Thomas A. Owens, a river pilot, who was arrested with the men, was not a conspirator in the alleged frauds, but a supposed "dupe" of John C. Davis.

Owens appeared before the grand jury and told the story of his relations with John C. Davis. Owens signed his name to notes given by Davis to clients, and was charged with conspiring with the Davis brothers. He was released on small bond, and it is understood the information against him will be squashed in Police Court.

Owens as a Witness.

It is believed the prosecution will use Owens as a witness.

Martin T. Davis, who was released on \$5000 bond, has been unable to obtain the \$20,000 bond demanded for the release of his brother, and John C. Davis spent last night in the District jail. Both men anxiously await the action of the grand jury, which will probably return indictments to-morrow.

More than \$50,000 additional losses were reported yesterday, and according to conservative estimates, the Davis brothers will face a charge of having obtained more than \$200,000. The District Attorney is receiving information concerning the case almost every hour, and detectives detailed at his office are busy gathering evidence in the cases.

A number of witnesses told the grand jury how they gave John C. Davis various sums of money for investment, but their names were not obtained. The name of Mrs. Anita Greaves, who has been known as a client of Attorney Conrad H. Syme, became known when she appeared to testify how she lost \$15,000 through the alleged irregular transactions of John C. Davis.

Miss Nellie McKeown, who made the first complaint against John C. Davis, was one of the first witnesses. The cases were presented by Assistant District Attorney James Proctor, who declined to discuss that phase of the cases concerning proof in his possession connecting Martin Davis with the alleged speculations of John C. Davis. Attorney Proctor believes it impossible to complete his presentation before this afternoon, on account of the many persons involved.

Guards Are Puzzled.

John C. Davis is attracting attention among guards at the jail by his peculiar actions. He talks and conducts himself irrationally. His manner mystifies detectives and jail attendants.

Not since Miss Caspari, known as the Castle Chadwick, of Washington and Baltimore, was removed from the jail to the Government Hospital for the Insane, have jail authorities confined a more interesting prisoner than Davis.

Watch for a City—Randle Highlands.

Second Meeting Announced.

A second meeting of the advisory committee, which is considering the appointment of a municipal architect, will be held in Engineer Commissioner Judson's office this morning.

NAMED POSTER CENSOR.

Maj. Sylvester Will Pass Upon Theatrical Displays.

Maj. Richard Sylvester, chief of police, has been appointed official bill board censor and conservator of the morals of the youth of Washington.

Some weeks ago the Commissioners submitted to the corporation counsel the question of their authority in the matter of regulating theatrical posters. This morning an opinion was returned by Assistant Corporation Counsel Stephens to the effect that the Commissioners have the power to pass a regulation along the lines of an ordinance recently enacted by the municipal authorities of New Haven, Conn.

Commissioner West thereupon recommended that the corporation counsel be directed to prepare a regulation which would be effective in preventing the display of any pictorial poster or placard of a lewd, indecent, or vulgar nature, or which pictorially represented the commission of or the attempt to commit any crime. The regulation also will provide that each poster must be submitted to the chief of police and receive his approval.

JUDGE PENFIELD BURIED.

Services Held for Former Solicitor of State Department.

The body of Judge William H. Penfield, former solicitor of the State Department and a member of the faculty of George Washington University, was buried in Rock Creek Cemetery yesterday afternoon, following services at 2 o'clock in the Mount Pleasant Congregational Church. Rev. M. Ross Fishburn, pastor of the church, officiated.

Palbearers were Justice William R. Day, of the United States Supreme Court; Robert J. Tracwell, controller of the Treasury; Senator Don Joaquín Bernardo Calvo, Minister to the United States from Costa Rica; George F. C. Smith, of the Bureau of Engraving and Printing; Senator Albert J. Beveridge, of Indiana, and John Callan O'Laughlin.

Judge Penfield died Sunday in his apartments at the Ontario, following a protracted illness.

ONE OF THE WANT AD BRANCHES OF

THE WASHINGTON HERALD

—Photo by Paine Studio.

TAYLOE'S PHARMACY

9th and P Sts. N. W.

This drug store is not only a practical necessity to the people in the neighborhood of Ninth and P streets, but it is also a convenient place in which to secure cooling drinks during the summer months. Mr. Tayloe, naturally, pays, first and always, complete attention to the filling of prescriptions, for which his pharmacy is justly celebrated—but that fountain is attractive on a warm day.

Tayloe's Pharmacy has been a Branch of the Want Ad Department of THE WASHINGTON HERALD for several months. It means a saving of time and expense to leave Want Ads at Tayloe's, and, as the rate for Want Ads in THE WASHINGTON HERALD is only 1 cent a word, it may mean a saving of money as well.

The ads that are left at branches are sent immediately by telephone to THE WASHINGTON HERALD, and any time almost until the branch closes is not too late to get an ad in THE HERALD.
